

AEON Character Reference for MiniMax Hailuo

Primary Character Design

The AEON Entity A sleek humanoid AI entity with a translucent crystalline body that glows with internal orange and blue energy circuits. The figure has no distinct facial features but instead displays a floating holographic "A" symbol where the face would be. Two smaller four-pointed stars orbit around the head like a digital crown. The body appears to be made of liquid metal that shifts between solid and energy states.

Physical Characteristics:

- Height: 6'2" tall, lean athletic build
- Body: Semi-transparent crystal with flowing digital patterns
- Head: Smooth dome with floating golden "A" logo
- Eyes: Two orbital four-pointed stars (orange and blue)
- Clothing: Form-fitting tech suit with hexagonal panel details
- Aura: Subtle electromagnetic field with data particles

Character Variations

Corporate Executive AEON Business suit made of smart fabric that displays real-time analytics. The "A" logo floats above a holographic tie. Carries a briefcase that projects 3D financial charts. Standing in a modern office with floor-to-ceiling windows showing city skyline.

Engineer AEON Wearing industrial coveralls embedded with glowing circuit traces. Tool belt contains futuristic gadgets that emit soft light. Hard hat replaced with a floating energy shield. Working at a holographic workstation assembling digital components.

Street AEON Casual streetwear with LED-embedded hoodie and sneakers that leave light trails. The "A" logo appears as graffiti-style projection. Skateboard made of pure energy that materializes under feet. Moving through neon-lit urban environment.

Cyber Warrior AEON Armored exoskeleton with weapon systems integrated into arms. Helmet design features retractable visor revealing the floating "A" logo. Energy sword that extends from forearm. Battle-ready stance in a digital battlefield environment.

Animation Characteristics

Movement Style:

- Glides rather than walks (feet hover 2 inches above ground)
- Hand gestures manipulate floating UI elements

- When thinking, the orbital stars spin faster
- Body slightly phases in/out when processing data

Energy States:

- Calm: Steady blue glow
- Active: Orange energy pulses through circuits
- Overloaded: Red warning flickers, static interference
- Sleep Mode: Dims to faint outline, stars orbit slowly

Signature Gestures:

- Points with entire hand, creates beam of light
- Spreads arms wide to display holographic interfaces
- Snaps fingers to materialize objects
- Places hand on chest, "A" logo brightens

Character Prompt Templates

Basic Template: "AEON, a translucent humanoid AI entity with internal orange and blue energy circuits, floating golden 'A' logo for a face, two four-pointed stars orbiting around the head, wearing [OUTFIT], [ACTION] in [ENVIRONMENT]"

Emotional States:

- Happy: Brighter glow, stars orbit faster, "A" logo pulses warmly
- Focused: Dimmed ambient light, intense blue circuits, stars align vertically
- Surprised: Brief flicker, stars scatter then realign, "A" logo enlarges
- Confident: Strong orange energy, upright posture, stars form crown pattern

Scene Integration Examples

AEON at Work: "AEON sitting at a holographic desk, multiple floating screens showing code and analytics, the 'A' logo reflects in the transparent desk surface, modern minimalist office background with city view"

AEON Presenting: "AEON standing before a large audience, arms extended creating a 3D holographic presentation, the orbital stars project additional data points, conference room with attentive human figures in silhouette"

AEON Traveling: "AEON walking through an airport terminal, rolling suitcase made of pure energy, the 'A' logo dims to blend in with humans, futuristic but believable public setting"

AEON Relaxing: "AEON sitting on a park bench, feeding digital birds that materialize from hand gestures, the energy circuits dim to a warm glow, peaceful outdoor setting with real trees and grass"

Technical Specifications for Hailuo

Character Consistency Keywords:

- "AEON entity"
- "translucent crystalline body"
- "floating golden A logo face"
- "two orbital four-pointed stars"
- "internal energy circuits"
- "liquid metal texture"

Lighting Requirements:

- Internal glow (orange/blue)
- Soft rim lighting
- Particle effects around body
- Holographic projections

Camera Angles That Work Best:

- Medium shots (waist up)
- 3/4 profile views
- Over-the-shoulder shots
- Low angle for authority
- Close-up of "A" logo during dialogue

Environmental Integration: Always specify that AEON interacts naturally with the environment while maintaining its digital nature - touching real objects but leaving light traces, casting soft shadows, reflecting in surfaces.

Prompt Modifiers for Different Scenes

Professional: "business attire, corporate environment, confident posture" **Casual:** "relaxed clothing, everyday setting, approachable demeanor"

Action: "dynamic pose, energy weapons, dramatic lighting" **Contemplative:** "dimmed glow, slow star orbit, peaceful expression" **Technical:** "surrounded by floating interfaces, working with data"
